

Oftalmo
University

FACO 360

Este curso no mide tu pasado,
construye tu futuro.

Descripción

Ahora tienes la oportunidad de dominar lo que realmente te convierte en cirujano.

FACO 360 es un entrenamiento **intensivo de 1 día** diseñado para oftalmólogos que buscan completar todo su conocimiento para dominar la cirugía de cataratas:

Dominar las habilidades esenciales que definen a un verdadero cirujano de cataratas.

En un curso de 1 día (8 horas), en el entorno único de OU Campus Europe en IMO Miranza Barcelona, combinarán simulación con realidad virtual avanzada y cirugía en ojos artificiales premium, y toma de decisiones quirúrgicas en tiempo real.

No es acerca del número de cirugías que hayas hecho es acerca de **qué destrezas has aprendido** y **qué nivel de competencia** tienes para enfrentar cualquier caso quirúrgico.

- Fundamentos y conceptos básicos en cirugía compleja
- Toma de decisiones en cirugía de catarata
- Mindset quirúrgico
- Técnicas de rescate de capsulorrexia
- Manejo de catarata dura
- Manejo de zónulo diálisis
- Técnicas de chop horizontal y vertical
- Manejo de ruptura de cápsula posterior
- Vitrectomía anterior
- Cirugía compleja en ojos artificiales
- Debriefing y aprendizaje reflexivo
- Elaboración de mapas mentales y algoritmos quirúrgicos
- Evaluación personalizada
- Plan de mejora y mapa de evolución quirúrgica

FACO 360

Metodología

- **Active Learning:** cada sesión involucra a todos los colegas y hay una retroalimentación continua para un aprendizaje eficiente.
- **Simulación Avanzada:** Eyesi Surgical con Software 4.0 + Quirófano con última tecnología y Ojos Artificiales Premium.
- **Hands-On Real:** curso 80-90% práctico.
- **Mentores de Alto Nivel:** cirujanos expertos y entrenados en ser expertos en formación quirúrgica.
- **Coaching Personalizado:** feedback quirúrgico adaptado a tu nivel y necesidades.

ONE OF THE SIX

institutions advancing **ophthalmology** training around the world*

RECOGNIZING GLOBAL EDUCATION IMPACT

We love at Oftalmo that we are called to "Assessing and evaluating ophthalmology education and training around the world."

Global ophthalmology is the result of an intricate, multi-faceted process that, through a combination of factors, is aimed at expanding the population and increasing access to ophthalmology education. The diversity within ophthalmology education is a reflection of the global nature of the field, with each institution contributing to the advancement of the specialty through its unique approach to training.

The Ophthalmologist magazine is a testament to the global nature of ophthalmology education, highlighting the contributions of institutions from around the world. The magazine is a testament to the global nature of the field, with each institution contributing to the advancement of the specialty through its unique approach to training.

FEATURE

GLOBAL EDUCATION

From South Africa to the United States, Oftalmo University is a global leader in ophthalmology education and training.

"We want to see ophthalmology's tremendous potential to redefine how ophthalmology is taught and practiced."

Clive Costa, MD, is ophthalmology master in the United States. He has spent over 20 years in ophthalmology, from his early days as a resident to his current role as a professor and administrator. He is currently serving as the director of the oftalmo Eye Institute, a leading ophthalmology center in the United States. He is currently serving as the director of the oftalmo Eye Institute, a leading ophthalmology center in the United States.
